Out -n-About™

App For Android and Apple Mobile Phones
and Tablets

What Is Out-n-About ?

Out-n-About is an app that links your HF radio with friends and family mobile devices. Suitable for Android and Apple mobile phones and tablets , specifically designed and engineered for Austravel SafetyNet.

Out-n-About is not just a generic “GPS logger” app; its purposely designed to interrelate with and support Austravels’ HF radio network through its **Telcall+ H.E.L.P.** (4357) systems and single button emergency calls.

The Out-n-About app and its interrelationship with Austravel Safety Net Inc. has no equal within the Australian HF radio club environment.

Austravel, in conjunction with the Out-n-About app delivers reliable communication means between Austravel club members, their family or friends. A mobile phone/tablet app that provides not only GPS map positioning, but also two way message sending and receiving via the Austravel HF radio network:-

- from HF radio to mobile phones
- and then back the other way from mobile phones to HF radio

Just think, family and friends with the Out-n-About app can send you a short message without third party input; safe, secure and reliable. (*HF radio brand and model dependant*).

Not to be underestimated....the Out-n-About app has direct and useful technical benefits in relation to accessing critical HF radio emergency help and assistance from a team of dedicated Austravel emergency respondents.

The Out-n-About app is a worthwhile (once only) value added purchase via the Google Play Store or Apple App Store. To complete the package , a low cost annual subscription to Austravel’s Telcall+ is required, with value inclusions like 100 minutes/month HF radio interconnect phone calls to any phone in Australia, along with 50 SMS messages/month to any Australian mobile phone.

Out-n-About subscribers are supported via installation and operation manuals together with one-on-one over the phone help when required.

This information on Out-n-About should be read in conjunction with the **Telcall+** and **H.E.L.P.** (4357) information leaflets.

Austravel Safety Net Inc.

The HF Radio Communications Network for Trips, Treks, Tracks & Tours

Out-n-About App

(in conjunction with Telcall+)

- View map positions
- View GPS history
- Log GPS positions by mobile phone or HF radio
- Send “Mail Box” messages to any HF radio (Telcall+ dependant)
- Send SMS via HF radio to any Australian mobile phone
- Find an Austravel emergency operator
- View a list of operational bases
- View a list of message metadata
- Request GPS position of HF radios
- Get **H.E.L.P.** via a GPS “position send” call. Out-n-About sends your critical details in an alert email to all Austravel emergency respondents for action.
